Registration Information

1. Priority will be given to immigrants who have been in the U.S. for less than 3 years. If you are a recent immigrant, please bring your green card or passport.
2. Parents MUST bring birth certificates or other documents to show the participant's age.
3. Students may register for two classes — one athletic and/or one academic/creative.

Time: 5/29 7:00PM – 8:00PM **New immigrant registration ONLY!**
Time: 5/30 9AM – 2PM **General registration**
Place: 70 Mulberry Street, Room 201 New York, NY 10013
Phone: (212) 227-9452 **Email:** info@ueaa.org

NOTE: If students are taking two classes, they MUST be picked up after their AM class and brought back in time for their PM class.

* A non-refundable \$25 registration fee (per child) is required at registration.

Disclaimers

1. The registration fee is non-refundable.
2. Registration is on a first-come, first-serve basis.
3. All class times and availabilities are subject to change.
4. Students who want to attend the Field Trip, a \$10 fee per child will be collected during Registration or by June 27 to cover food and transportation cost.
5. Parents who want to accompany their children to Field Trip may also register during Registration day or by June 27 and pay a food and transportation fee of \$30 (subject to availability).
6. The Field Trip fee is non-refundable but your ticket is transferable ONLY to another Fun Fun parent.

Academic

Biology/Chemistry (age 9-11)

Aims to encourage and intrigue young students in the field of science through experiments in biology and chemistry. Students are expected to take away interesting facts, fond memories, and a new outlook on science by the end of summer.

Time: 10AM - 12PM
Location: P.S. 124

Computers—Basic (age 7-10)

Learn about basic computer functions and the use of the Internet as a research tool.

Time: 9:30AM – 11AM
Location: UEAA Clubhouse

Computers—Advanced (age 11-15)

Learn about some of the more advanced things that one can do on the Internet.

Time: 11:15AM - 12:45PM
Location: UEAA Clubhouse

Computer Science (age 10-15)

Basic introduction to various computer science concepts, such as how a computer works, sorting, data structures, synchronization, encryption, encoding, and networking. Does not involve any actual programming.

Time: 1PM - 3PM
Location: P.S. 124

English as a Second Language AM/PM (age 7-15 recent immigrants ONLY)

One on one tutoring program that emphasizes reading and conversational skills

Time: 10AM - 12PM
Time: 1PM – 3PM
Location: P.S. 124

FIT - Food In Thought (age 10-15)

Learn the importance of nutrients by understanding the need for a balanced diet as recommended by the United States Dietetics Association. Students will learn how to evaluate their own eating habits.

Time: 1PM - 3PM
Location: P.S. 124

Mandarin—Basic (age 7-15)

Develop interest in Mandarin and understand the basic concepts. Students will learn numbers, greetings, basic phonetics

Time: 10AM - 12PM
Location: P.S. 124

Money and Banking (age 10-15)

Learn about money, banking, the stock market, and investing.

Time: 1PM - 3PM
Location: P.S. 124

Robotics: Mars Mission! (age 11-15)

Learn how to design, build, and program a LEGO robot that can be used to explore Mars. Teams of students will work together to create a LEGO robot prototype and learn engineering design skills that will help them accomplish their tasks.

Time: 10AM - 12PM
Location: P.S. 124

Scientific Challenges (age 7-13)

Teaches students how to think out-of-the-box and express their ideas clearly under a team environment. By the end of this course, students will have acquired an introductory understanding of physics, effective communication skills within a team environment and basic presentation skills.

Time: 10AM - 12PM
Location: P.S. 124

Creative

Arts & Craft (age 7-12)

Get away from electronics and create something with your hands! In groups, students will learn how to work in teams and share art supplies to create art projects of their own.

Time: 1PM - 3PM
Location: P.S. 124

Basic Drawing (age 10-15)

Understand how three dimensional objects are formed and shaped in relation to space.

Time: 10AM - 12PM
Location: P.S. 124

Chess – Beginner (age 8-15)

Learn the fundamentals and strategies, as well as the rules and different tactics of international chess. Hopefully by the end of the summer, each student will develop their own style of playing.

Time: 1PM - 3PM
Location: P.S. 124

Fun with Digital Cameras (age 8-15)

Encourage kids to experiment with their cameras and to use their PCs for photo editing.

Time: 1PM - 3PM
Location: UEAA Clubhouse

Intro to Music (age 8-12)

Learn the basic theory of music and composition. Students will learn to read music and play it on the recorder.

Time: 10AM - 12PM
Location: P.S. 124

Junior Chef (age 7-15)

Teach and promote cookery and healthy eating in a relaxed and fun way. Students will take part in the planning, preparation and clean-up of the cooking process and be introduced to cuisines from around the world. Sample recipes: Fruit Tarts, Mini Pizza, Sushi, Smoothies.

Time: 1PM - 3PM
Location: P.S. 124

Non-Camera Filmmaking (age 12-15)

Learn about film history and receive an introduction to non-narrative filmmaking. We will watch films in class and explore various techniques, concepts and means of production; students will experiment with these techniques and create their own film.

Time: 10AM - 12PM
Location: P.S. 124

Origami – Beginner (age 7-15)

Learn basic folds and techniques, make fun and simple models.

Time: 10AM - 12PM
Location: P.S. 124

Origami—Unit/Advanced (age 10-15 with Origami Experience)

Learn how to make origami balls and ornaments. Students will make models that require patience and accuracy.

Time: 1PM – 3PM
Location: P.S. 124
